STARBOARD VALUE AND OPPORTUNITY MASTER FUND LTD

July [], 2014

Dear Fellow Quantum Stockholders:

Starboard Value and Opportunity Master Fund Ltd and the other participants in this solicitation (collectively, “Starboard” or “we”) are the beneficial owners of an aggregate of 44,342,278 shares of common stock, par value \$0.001 per share (the “Common Stock”), of Quantum Corporation, a Delaware corporation (“QTM” or the “Company”), including 18,548,875 shares of Common Stock issuable upon the conversion of the Company’s 4.50% convertible senior notes due November 2017 held by Starboard. Our collective ownership position represents approximately 16.5% of the outstanding shares of Common Stock, making us one of the Company’s largest stockholders. While we were pleased that we were able to work with the Company in 2013 to reconstitute the Board of Directors (the “Board”) with mutually agreeable director candidates, we believe that additional representation is now necessary to ensure that there is proper oversight and accountability at QTM, as well as to ensure that the actions required to maximize stockholder value are given full and proper consideration in the boardroom. Specifically, we believe more action must be taken (i) to increase the accountability of management, (ii) to optimize the Company’s cost structure, (iii) to better-align compensation structures to properly incentivize employees, and (iv) to explore value-enhancing strategic alternatives.

By way of background, Starboard is an investment management firm that seeks to invest in undervalued and underperforming public companies. Our approach to such investments is to actively engage and work closely with management teams and boards of directors in a constructive manner to identify and execute on opportunities to unlock value for the benefit of all stockholders. Starboard has established a strong track record of creating stockholder value at many public companies for more than 11 years.

Given Starboard’s belief that additional representation is required to improve Board oversight and QTM’s performance, we have nominated a slate of [six] highly qualified director candidates for election to the Board at the Company’s upcoming 2014 Annual Meeting of Stockholders (the “Annual Meeting”). Three of our director candidates, Philip Black, Louis DiNardo, and Jeffrey C. Smith, are currently Board members. All [six] of our director candidates are highly qualified with valuable and relevant skill-sets and are ready to serve stockholders to help make QTM a stronger, more profitable, and, ultimately, more valuable company.

The Company has only nominated candidates for five of the nine Board seats that are up for election at the Annual Meeting. While it appears that the Board has acknowledged that shareholders deserve additional Board representation by leaving four seats open for our nominees, we question the genuineness of this tactic. This unusual approach instead appears to represent an intentional manipulation of the voting mechanics to help ensure a status quo majority of the Board remains in place following the Annual Meeting. That the Board has gone out of its way to give itself the best chance of preserving a majority of the Board gives us little confidence that the election of four of our nominees as a substantial minority of the Board would serve to have any different or more meaningful impact on Board discussions and actions than that enjoyed by Messrs. Black, DiNardo, and Smith as a minority of the Board over the past year.

Each of Messrs. Black, DiNardo, and Smith joined the Board last year with the goal of working constructively with the Board and management to substantially improve the operations of the Company in order to create value for stockholders. Over the past year, and for a substantial time prior, the Company has continued to miss its internal and external expectations and to push out its goals for both revenue growth and profitability improvement. Unfortunately, we believe that the perspectives presented by Messrs. Black, DiNardo, and Smith in the boardroom regarding ways to enhance stockholder value are not being fully explored or fully considered. Specifically, these directors believe that more action must be taken (i) to increase the accountability of management, (ii) to optimize the Company’s cost structure, (iii) to better-align compensation structures to properly incentivize employees, and (iv) to explore value-enhancing strategic alternatives.

We continue to believe there is significant value to be realized at QTM. We are therefore seeking your support at the Annual Meeting to elect our [six] director candidates, who are committed to representing the best interests of shareholders by providing accountable oversight and guidance while pursuing all opportunities to enhance value for stockholders.

The terms of nine (9) directors currently serving on the Board expire at the Annual Meeting.

We urge you to carefully consider the information contained in the attached Proxy Statement and then support our efforts by signing, dating and returning the enclosed **WHITE** proxy card today. The attached Proxy Statement and the enclosed **WHITE** proxy card are first being furnished to the stockholders on or about _____, 2014.

If you have already voted for management's slate, you have every right to change your vote by signing, dating and returning a later dated proxy or by voting in person at the Annual Meeting.

We are seeking your support at the Company’s 2014 Annual Meeting of Stockholders scheduled to be held at _____, on _____, _____, 2014, at _____, local time (including any adjournments or postponements thereof and any meeting which may be called in lieu thereof, the “Annual Meeting”), for the following:

Background to the Solicitation

The following is a chronology of material events leading up to this proxy solicitation:

- On November 1, 2012, Starboard filed a Schedule 13D with the Securities and Exchange Commission (the “SEC”) disclosing ownership of 15.9% of QTM’s Common Stock.
- Between January 2013 and May 2013, Starboard and the Company engaged in a series of discussions regarding Board composition and strategy. Both Starboard and QTM believed it would be in the best interests of shareholders to agree on a new composition of the Board for election at the 2013 Annual Meeting of Stockholders (the “2013 Annual Meeting”).
- Following such discussions, Starboard and QTM entered into an agreement (the “Agreement”) on May 13, 2013, pursuant to which the Company agreed to add Jeffrey Smith to the Board and to nominate Philip Black, Louis DiNardo, and Jeffrey Smith for election to the Board at the 2013 Annual Meeting.
- On August 7, 2013, the Company held the 2013 Annual Meeting, at which the Company’s stockholders elected nine directors to the Board, including Messrs. Black, DiNardo, and Smith, to serve until the 2014 Annual Meeting.
- Over the subsequent year, in their capacities as Board members, Messrs. Black, DiNardo, and Smith have worked constructively with the Board in an attempt to improve value. Unfortunately, the Company has continued to underperform and underexecute strategically and operationally, resulting in a continued underperformance of QTM shares when compared to peers.
- In November 2013, Mr. Smith provided information to the Board illustrating the consistent pattern of missed execution and lowered internal forecasts. Given Mr. Smith’s view of the consistent execution challenges, and in order to provide the Board with the ability to better oversee and guide management, Mr. Smith proposed that the Board add a new director to be Executive Chairman. This concept was rejected by a majority of the Board.
- On March 26, 2014, Michael Brown resigned from the Board after accepting a position as interim CEO of Symantec, a competitor to QTM’s DXi business. Mr. Smith thereafter submitted the names and resumes of several highly qualified individuals to the Nomination and Governance Committee for consideration to fill the vacancy on the Board created by Mr. Brown’s resignation.
- In April 2014, with the deadline for nominating director candidates for election at the 2014 Annual Meeting (the “Nomination Deadline”) approaching, Mr. Smith expressed his desire to reconstitute the Board without the need for a proxy contest. Mr. Smith also conveyed that any reconstitution of the Board would need to include a mechanism to ensure that if the Company continues to miss its internal and external targets, there would be increased accountability and/or more significant operational and strategic initiatives would be implemented.
- In May 2014, Mr. Smith suggested to the Company’s Chairman, Paul Auvil, that the Nomination Deadline be extended so that the Board could continue discussions regarding Board composition and that the Nominating and Governance Committee could fully consider candidates to replace the vacancy on the Board. Mr. Smith conveyed that this would be particularly helpful for the Company, since at that time certain Board members had interviewed one of the candidates introduced by Mr. Smith as a potentially mutually agreeable candidate, but the Board had not yet had the opportunity to fully review that candidate. The Board declined to extend the Nomination Deadline.
- On May 9, 2014, Starboard delivered a letter to QTM nominating Christopher F. Crowell, Dale L. Fuller, and Edward Terino, in addition to Messrs. Black, DiNardo, and Smith, for election to the Board at the Annual Meeting.
- On June 23, 2014, Starboard filed a preliminary proxy statement on Form PREC14A in connection with the Annual Meeting.
- On June 26, 2014, QTM filed a preliminary proxy statement on Form PREC14A in connection with the Annual Meeting.
- On July 10, 2014, QTM filed a revised preliminary proxy statement on Form PRER14A in connection with the Annual Meeting.

REASONS FOR THE SOLICITATION

We are soliciting your support to elect our Nominees at the Annual Meeting because we believe that the Board, as currently composed, lacks the objectivity and commitment to take the steps necessary to enhance stockholder value at QTM.

We are Concerned with the Company's Poor Performance

As shown below, QTM's stock performance relative to competitors has been abysmal over almost any period.

	Share Price Performance ⁽¹⁾			
	1-Year	3-Year	5-Year	Since ADIC ⁽²⁾
Russell 2000	17.8%	41.4%	156.9%	64.7%

Underperformance vs. Peer Group	(35.3%)	(61.7%)	(77.2%)	(58.0%)

Source: CapitalIQ

1. Performance as of 5/12/14, 1 day prior to Starboard's 13D disclosing its nomination, adjusted for dividends

2. Since acquisition of ADIC, announced on 5/3/2006

3. Peer Group consists of public companies used in QTM's proxy to set executive compensation and includes AVID, BBOX, CKP, CVLT, EFII, ELX, HLIIT, IMN, IDTI, PLT, QLGC, RVBD, SGI, SMCI, and SYNA

We believe this stock price underperformance is a direct result of the Company's poor operating performance.

(1) Calculated as EBIT plus Depreciation and Amortization of Intangibles (excluding Amortization of Debt Issuance Costs)

(2) Calculated as reported EBITDA/EBIT less Royalty revenue, which is close to 100% margin; note that there is a small amount of R&D associated with maintaining royalties on future generations of tape products

The Company has not generated profits, despite the advantage of a high-margin royalty stream of more than \$40 million per year. Excluding royalties, the Company has lost money on an EBIT basis in each of the last five years, and has even lost money on an EBITDA basis for the last three years, with significantly higher losses in the last two years. Despite this unacceptable operating performance, we believe the Board has not taken sufficient action to improve operations or hold management accountable.

Management Has Repeatedly Missed Expectations

Management has an extended track record of missed expectations. For example, at this time last year, in its Q4 FY '13 press release, management provided guidance for FY '14 revenue of \$610-630 million and GAAP earnings per share of (5)-0 cents. After a series of guidance reductions, the Company ultimately reported FY '14 revenue of just \$553 million, despite receiving an unexpected one-time \$15 million royalty payment from Microsoft. Excluding this royalty, QTM's sales of \$538 million fell more than 13% short of guidance. Similarly, QTM's GAAP EPS loss of 9 cents, or a loss of approximately 15 cents excluding the Microsoft payment, was far short of the original guidance of EPS of breakeven to a 5 cent loss.

FY '14 represents just the most recent in a long string of missed expectations. In FY '13, for example, management originally guided to positive consolidated revenue growth. Instead, revenue declined 10%. Similarly, in FY '12 management originally guided to positive consolidated revenue growth, but revenue declined 3%. In FY '11, management guided to revenue of \$700-750 million, but revenue came in at just \$672 million, 7% below management's original guidance. In the table below, the percentage misses reported are versus the midpoint of guidance.

<i>(S in millions)</i>	Fiscal Year Ended March 31,			
	2011	2012	2013	2014
Original Revenue Guidance	\$700-750	>\$672	>\$652	\$610-630
Actual	\$672	\$652	\$587	\$553
Actual ex. MSFT Payment				\$538
<i>Miss vs. Original Guidance</i>	7.3%	>3%	>10%	10.8%
<i>Miss vs. ex. MSFT Payment</i>				13.2%

Source: Capital IQ, Bloomberg, Company filings, press releases and transcripts

As the table above demonstrates, QTM has missed its targets in each of the last four years, with the magnitude of the misses increasing in each of the last three years. However, despite this long and consistent history of missed expectations, we do not believe the Board has either insisted on or provided for increased accountability.

Our Nominees Have the Experience, Qualifications, and Commitment Necessary to Fully Explore Available Opportunities to Unlock Value for Stockholders

We have identified [six] highly qualified and capable independent directors with valuable and relevant credentials and skill-sets that are ready to identify and explore opportunities to unlock value for stockholders. Further, we believe that the current Board's apparent unwillingness to insist on increased accountability despite continued missed expectations and poor execution warrants further reconstitution of the Board to ensure that the Board is fully committed to pursuing opportunities to enhance value for stockholders.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is currently composed of nine (9) directors, each with terms expiring at the Annual Meeting. We are seeking your support at the Annual Meeting to elect our [six] Nominees, Philip Black, Christopher F. Crowell, Louis DiNardo, Dale L. Fuller, Jeffrey C. Smith, and Edward Terino.

THE NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. The nominations were made in a timely manner and in compliance with the applicable provisions of the Company's governing instruments. The specific experience, qualifications, attributes, and skills that led us to conclude that the Nominees should serve as directors of the Company are set forth below. This information has been furnished to us by the Nominees. All of the Nominees are citizens of the United States. Mr. Black is also a citizen of the United Kingdom.

Philip Black, age 59, has served as a director of QTM since August 2013, where he currently serves on the Audit Committee. Previously, Mr. Black served as President and CEO of Nexsan Technologies, a storage systems provider ("Nexsan"), from September 2004 to March 2014, where he also served as a member of the Board of Directors until December 2012. Prior to that, Mr. Black served as President and CEO of LightSand Communications, a storage networking provider, from 2001 to 2004, and as Managing Partner of IN_fusion, a storage industry consulting organization, from 2000 to 2001. Previously, Mr. Black served as co-CEO of Dot Hill Systems Corp (NASDAQ: HILL) ("Dot Hill"), a storage solutions company, from 1999 to 2000, and as CEO of Box Hill Systems Corp (NYSE: BXH) ("Box Hill"), a storage systems company and predecessor of Dot Hill, from 1995 to 1999. While at Dot Hill/Box Hill, Mr. Black also served as a member of the Board of Directors. Mr. Black also founded or co-founded a number of other technology companies, including Tekelec Inc. (NASDAQ: TKLC), a telecoms equipment company, where he served as President, CEO, and a member of the Board of Directors. Mr. Black also previously served as a member of the Board of Directors of Simtek Corporation (n/k/a Cypress Semiconductor Corporation) from September 2007 to September 2008. Additionally, Mr. Black served as Co-chair of SNIA's ILM and Data Protection Initiatives. Mr. Black received A level certificates in Math and Physics from Christ's College Finchley in the United Kingdom. Starboard believes that Mr. Black's significant storage industry knowledge and extensive experience serving in senior executive positions and as a director of various public and private companies well qualifies him for service as a director of the Company.

Christopher F. Crowell, age 51, served as the Chief Operating Officer of Extreme Networks, Inc. (NASDAQ: EXTR) ("Extreme Networks"), a leading provider of network infrastructure equipment and services for enterprises, data centers, and service providers, from November 2013 to May 2014. Prior to that, Mr. Crowell served as the President and Chief Executive Officer of Enterasys Networks, Inc., a networking company ("Enterasys"), from January 2009 until it was acquired by Extreme Networks in November 2013. Mr. Crowell joined Enterasys as its Chief Technology Officer in 2006. Previously, Mr. Crowell was Senior Vice President at CA, Inc. through the acquisition of Concord Communications, Inc. ("Concord") and Senior Vice President of Concord through the acquisition of Aprisma Management Technologies ("Aprisma"). Mr. Crowell spent several years with Aprisma, which began as the Spectrum business unit of Cabletron Systems, where Mr. Crowell led information technology, research and development, services, solution engineering, support, and training. Mr. Crowell received a Master's in Computer Engineering from Rensselaer Polytechnic Institute, a MBA from Southern New Hampshire College (University), and a BSEE from Western New England College (University). Starboard believes that Mr. Crowell's extensive industry knowledge and experience serving in senior executive positions at various public and private companies will make him an invaluable member of the Board.

Louis DiNardo, age 54, has served as President, Chief Executive Officer, and a director of Exar Corporation (NASDAQ: EXAR), a fabless semiconductor company that designs, sub-contracts manufacturing, and sells highly differentiated silicon, software, and subsystem solutions for industrial, telecom, networking, and storage applications, since January 2012. Mr. DiNardo also has served as a director of QTM since August 2013. Previously, Mr. DiNardo was a Partner at Crosslink Capital, a stage-independent venture capital and growth equity firm based in San Francisco, which he joined in January of 2008, and focused on semiconductor and alternative energy technology investment in private companies. Mr. DiNardo also previously served as a partner at VantagePoint Venture Partners, a venture capital firm, from January 2007 through January 2008. Prior to that, Mr. DiNardo served as President and Chief Operating Officer of Intersil Corporation (NASDAQ: ISIL) (“Intersil”), a leader in the innovation of power management and precision analog ICs, from January 2005 through October 2006. Mr. DiNardo also previously held the position of Executive Vice President of the Power Management Business at Intersil. Prior to that, Mr. DiNardo served as President and CEO as well as Co-Chairman of the Board of Directors of Xicor, Inc., a leader in digital potentiometers and system management products, from 2000 until Intersil acquired it in July of 2004. Previously, Mr. DiNardo spent 13 years at Linear Technology where he served as Vice President of Worldwide Marketing and General Manager of the Mixed-Signal Business Unit. He began his career in the semiconductor industry at Analog Devices Incorporated, where he served for eight years in a variety of technical and management roles. Mr. DiNardo currently serves on the Board of Directors of Conexant Systems, Inc., an audio and imaging innovation leader, which combines its significant IP portfolio in DSP and mixed signal technology with embedded software to deliver highly innovative software and silicon solutions to enrich and expand audio and imaging capabilities, a position he has held since August 2013. Each of the Nominees disclaims beneficial ownership of such shares of Common Stock, except to the extent of his pecuniary interest therein. For information regarding purchases and sales during the past two years by the Nominees and by the members of the Group (defined below) of securities of the Company that may be deemed to be beneficially owned by the Nominees, see [Schedule I](#).

Starboard V&O Fund and certain of its affiliates have signed letter agreements, pursuant to which they agreed to indemnify each of Messrs. Crowell, Fuller, and Terino shall determine, but in any event no later than 14 days after receipt of such compensation, unless otherwise agreed by Starboard and each of Messrs. Crowell, Fuller, and Terino. If elected or appointed to serve on the Board, each of Messrs. Crowell, Fuller, and Terino agrees not to sell, transfer or otherwise dispose of any Nominee Shares within two years of his election or appointment; provided, however, in the event that the Company enters into a business combination with a third party, each of each of Messrs. Crowell, Fuller, and Terino may sell, transfer or exchange the Nominee Shares in accordance with the terms of such business combination.

On May 13, 2014, Starboard Value LP, Starboard V&O Fund, Starboard S LLC, Starboard C LP, Starboard Value GP, Principal Co, Principal GP, Starboard R LP, Starboard R GP, Mark R. Mitchell, Peter A. Feld, and the Nominees (collectively the "Group") entered into a Joint Filing and Solicitation Agreement in which, among other things, (a) the Group agreed to the joint filing on behalf of each of them of statements on Schedule 13D, and any amendments thereto, with respect to the securities of the Company, (b) the Group agreed to solicit proxies or written consents for the election of the persons nominated by the Group to the Board at the Annual Meeting (the "Solicitation"), and (c) Starboard V&O Fund, Starboard S LLC, and Starboard C LP agreed to bear all expenses incurred in connection with the Group's activities, including approved expenses incurred by any of the parties in connection with the Solicitation, subject to certain limitations.

Other than as stated herein, and except for compensation received by Mr. Smith as an employee of Starboard, there are no arrangements or understandings between members of Starboard and any of the Nominees or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of the Company if elected as such at the Annual Meeting. None of the Nominees is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

Starboard believes that each Nominee presently is, and if elected as a director of the Company, each of the Nominees would be, an "independent director" within the meaning of (i) applicable New York Stock Exchange listing standards applicable to board composition and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. No Nominee is a member of the Company's compensation, nominating or audit committee that is not independent under any such committee's applicable independence standards.

In 2013, as described above, Starboard and the Company engaged in a series of productive discussions regarding the composition of the Board and the election of director candidates at the 2013 Annual Meeting. The Company and Starboard entered into the Agreement in which among other things, the Company agreed to nominate Messrs. Black, DiNardo, and Smith for election to the Board at the 2013 Annual Meeting. The Agreement was not the result of any formal nomination by Starboard or public threat of a proxy contest, but was rather the culmination of the discussions between Starboard and the Company regarding a reconstitution of the Board without the need for an actual or threatened proxy contest. We do not believe that the election of our entire slate would trigger a change of control under the Company's severance and change of control agreements, or any other contracts with third parties. Although the election of at least five of our director candidates at the Annual Meeting may on its face seem to constitute a majority of the Board, we believe that under the current facts and circumstances, such election would not be deemed a change in a majority of the Board. Messrs. Smith, DiNardo, and Black are currently serving on the Board and would be deemed "continuing directors", if re-elected, under the definition of "change of control" as found in the severance and change of control agreements that the Company maintains with certain members of management, and as found in certain of the Company's contracts with third parties. Even if it should be determined that electing our nominees would result in a change of control, we do not believe any potential effects from such a change of control would outweigh the overwhelming benefits from an improved Board. Of further note, the change of control provisions are double-trigger provisions, meaning that a change of control in and of itself does not trigger any payments, but rather there would also need to be a termination of the affected employees before any benefits are triggered. According to the Company's Proxy Statement, certain severance payments may be triggered following a change of control, if an event constituting a qualifying termination occurs within twelve months of such change of control. The Company's Proxy Statement further provides that a change in a majority of the seats on the Board may also result in a change of control under certain of the Company's contracts with third parties, including its Credit Agreement with Wells Fargo and its Directors' and Officers' Liability Insurance Policy, if the Company is unable to secure appropriate waivers or amendments to any such contracts.

We do not expect that any of the Nominees will be unable to stand for election, but, in the event any Nominee is unable to serve or for good cause will not serve, the shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for substitute nominee(s), to the extent this is not prohibited under the Company's Amended and Restated By-laws, as amended (the "Bylaws") and applicable law. In addition, we reserve the right to nominate substitute person(s) if the Company makes or announces any changes to the Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any Nominee, to the extent this is not prohibited under the Bylaws and applicable law. In any such case, shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for such substitute nominee(s). We reserve the right to nominate additional person(s), to the extent this is not prohibited under the Bylaws and applicable law, if the Company increases the size of the Board above its existing size or increases the number of directors whose terms expire at the Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to the position of Starboard that any attempt to increase the size of the current Board or to classify the Board constitutes an unlawful manipulation of the Company's corporate machinery.

WE URGE YOU TO VOTE FOR THE ELECTION OF THE NOMINEES ON THE ENCLOSED WHITE PROXY CARD.

According to the Company's proxy statement, the stockholder vote on the Say-on-Pay Proposal is an advisory vote only, and is not binding on the Company, the Board, or the Leadership and Compensation Committee of the Board.

A summary of the Plan and the complete text of the Plan are set forth in the Company's proxy statement.

According to the Company, the ESPP allows eligible employees to purchase shares of its Common Stock at a price equal to 85% of the lower of the closing price of the Common Stock on the NYSE on either the opening or closing date of the respective offering period.

A summary of the ESPP and the complete text of the ESPP are set forth in the Company's proxy statement.

VOTING AND PROXY PROCEDURES

Stockholders are entitled to one vote for each share of Common Stock held of record on the Record Date with respect to each matter to be acted on at the Annual Meeting. Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Stockholders who sell their shares of Common Stock before the Record Date (or acquire them without voting rights after the Record Date) may not vote such shares of Common Stock. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such shares of Common Stock after the Record Date. Based on publicly available information, Starboard believes that the only outstanding class of securities of the Company entitled to vote at the Annual Meeting is the Common Stock.

Stockholders have the right to cumulate their votes in the election of directors. Cumulative voting means that each stockholder may cumulate his, her or its voting power for the election by distributing a number of votes, determined by multiplying the number of directors to be elected at the Annual Meeting times the number of the stockholder's Shares. The stockholder may distribute all of the votes to one individual director nominee, or distribute his, her or its votes among two or more director nominees, as the stockholder chooses. Unless otherwise instructed, Shares represented by properly executed **WHITE** proxy cards will be voted cumulatively at the Annual Meeting in favor of one or more of our Nominees, at our sole discretion, in order to elect as many of our Nominees as possible.

Shares of Common Stock represented by properly executed **WHITE** proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of the Nominees, **[FOR]** the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, **[FOR/AGAINST]** the approval of the Say-on-Pay Proposal, **[FOR/AGAINST]** the approval of an amendment to the Company's 2012 Long-Term Incentive Plan, **[FOR/AGAINST]** the approval of an amendment to the Company's Employee Stock Purchase Plan and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting, as described herein.

According to the Company's proxy statement for the Annual Meeting, the current Board intends to nominate only five candidates for a nine-member Board at the Annual Meeting. This Proxy Statement is soliciting proxies to elect only our Nominees, and stockholders voting for the election of directors on our **WHITE** proxy card will be able to vote for only six Nominees for a nine-member Board and will not be able to vote for the three remaining director seats up for election at the Annual Meeting. If a stockholder voting for the election of directors at the Annual Meeting on our **WHITE** proxy card cumulates votes, such stockholder will only be able to allocate their total number of votes among our six Nominees. The participants in this solicitation intend to vote the Starboard Group Shares in favor of the Nominees. Stockholders should refer to the Company's proxy statement for the names, backgrounds, qualifications and other information concerning the Company's nominees. In the event that some of the Nominees are elected, there can be no assurance that the Company nominee(s) who get the most votes and are elected to the Board will choose to serve as on the Board with the Nominees who are elected.

QUORUM; BROKER NON-VOTES; DISCRETIONARY VOTING

A quorum is the minimum number of shares of Common Stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting. For the Annual Meeting, the presence, in person or by proxy, of the holders of at least _____ shares of Common Stock, which represents a majority of the _____ shares of Common Stock outstanding as of the Record Date, will be considered a quorum allowing votes to be taken and counted for the matters before the stockholders.

Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by "broker non-votes" also are counted as present and entitled to vote for purposes of determining a quorum. However, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a "broker non-vote"). Under rules of the New York Stock Exchange, your broker will not have discretionary authority to vote your shares at the Annual Meeting on any of the proposals.

If you are a stockholder of record, you must deliver your vote by mail or attend the Annual Meeting in person and vote in order to be counted in the determination of a quorum.

If you are a beneficial owner, your broker will vote your shares pursuant to your instructions, and those shares will count in the determination of a quorum. Brokers do not have discretionary authority to vote on any of the proposals at the Annual Meeting. Accordingly, unless you vote via proxy card or provide instructions to your broker, your shares of Common Stock will count for purposes of attaining a quorum, but will not be voted on those proposals.

VOTES REQUIRED FOR APPROVAL

Election of Directors — The Company has adopted a majority vote standard for non-contested director elections and a plurality vote standard for contested director elections. As a result of our nomination of the Nominees, the director election at the Annual Meeting will be contested, meaning that the nine (9) nominees for director receiving the highest vote totals will be elected as directors of the Company. With respect to the election of directors, only votes cast “**FOR**” a nominee will be counted. Proxy cards specifying that votes should be withheld with respect to one or more nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees. Neither an abstention nor a broker non-vote will count as a vote cast “**FOR**” or “**AGAINST**” a director nominee. Therefore, abstentions and broker non-votes will have no direct effect on the outcome of the election of directors.

If a stockholder wishes to cumulate his or her votes, he or she should multiply the number of votes he or she is entitled to cast by nine (9) (the number of directors to be elected) to derive a cumulative total and then write the number of votes for each director next to each director’s name on the proxy card. The total votes cast in this manner may not exceed the cumulative total. If a stockholder voting for the election of directors at the Annual Meeting on our **WHITE** proxy card cumulates votes, such stockholder will only be able to allocate their total number of votes among our six Nominees.

If a stockholder does not wish to cumulate votes for directors, he or she should indicate a vote “**FOR**” the nominees or a “**WITHHOLD**” vote with respect to the nominees, as provided on the proxy card. A properly executed proxy marked “**WITHHOLD**” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals — Stockholders may vote “**FOR**” or “**AGAINST**” or may “**ABSTAIN**” from voting on each of the other proposals. Neither an abstention nor a broker non-vote will count as voting with respect to each of the other proposals. Therefore, abstentions and broker non-votes will have no direct effect on the outcome of these proposals. According to the Company’s proxy statement, the ratification of the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for the fiscal year ending March 31, 2015 and the adoption of a resolution approving, on an advisory basis, the Say-on-Pay Proposal, requires the affirmative vote of a majority of the votes present in person or represented by proxy and entitled to vote on the matter. The Say-on-Pay proposal is advisory only and is not binding on the Company, the Board, or the Leadership and Compensation Committee of the Board. According to the Company’s proxy statement, the approval and ratification of an amendment to the Company’s 2012 Long Term Incentive Plan and the approval and ratification of an amendment to the Company’s Employee Stock Purchase Plan, requires approval by a majority of votes cast at the Annual Meeting. If you sign and submit your **WHITE** proxy card without specifying how you would like your shares voted, your shares will be voted in accordance with Starboard’s recommendations specified herein and in accordance with the discretion of the persons named on the **WHITE** proxy card with respect to any other matters that may be voted upon at the Annual Meeting consistent with Rule 14a-4(c)(3) promulgated under the Exchange Act.

REVOCATION OF PROXIES

Stockholders of the Company may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Starboard in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement or to the Company at 224 Airport Parkway, San Jose, California 95110 or any other address provided by the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations be mailed to Starboard in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding shares of Common Stock. Additionally, Okapi Partners may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by Starboard. Proxies may be solicited by mail, facsimile, telephone, telegraph, Internet, in person and by advertisements.

Starboard V&O Fund has entered into an agreement with Okapi Partners for solicitation and advisory services in connection with this solicitation, for which Okapi Partners will receive a fee not to exceed \$[____], together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Okapi Partners will solicit proxies from individuals, brokers, banks, bank nominees, and other institutional holders. Starboard V&O Fund has requested banks, brokerage houses, and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares of Common Stock they hold of record. Starboard V&O Fund will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Okapi Partners will employ approximately [] persons to solicit stockholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by Starboard. Costs of this solicitation of proxies are currently estimated to be approximately \$[____]. File No. 001-13449

Dear Ms. Mills-Apenteng:

We acknowledge receipt of the comment letter of the Staff (the "Staff") of the U.S. Securities and Exchange Commission (the "Commission") dated July 2, 2014 (the "Staff Letter") with regard to the above-referenced matter. We have reviewed the Staff Letter with our client, Starboard Value LP (together with its affiliates, "Starboard") and provide the following responses on its behalf. For ease of reference, the comments in the Staff Letter are reproduced in italicized form below. Terms that are not otherwise defined have the meanings ascribed to them in the Preliminary Proxy Statement (the "Proxy Statement").

General

1. *Please fill in the blanks in your preliminary proxy statement.*

We acknowledge the Staff's comment and confirm that all blanks in the Proxy Statement will be filled in prior to the filing of Starboard's Definitive Proxy Statement.

2. *Please disclose that stockholders who grant a proxy to the participants will be precluded from exercising their full voting authority for the election of directors, given that the participants are proposing only six nominees for seats on the board of directors.*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. See pages 2 and 17 of the Proxy Statement.

Letter to Stockholders

3. *Please disclose "the perspectives presented by Messrs. Black, DiNardo, and Smith in the boardroom regarding ways to enhance stockholder value" and "the actions required to maximize stockholder value."*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. See the cover page to the Proxy Statement.

4. *Please be advised that each statement or assertion of opinion or belief must be clearly characterized as such, and a reasonable factual basis must exist for each such opinion or belief. Support for opinions or beliefs should be self-evident, disclosed in the proxy statement, or provided to the staff on a supplemental basis. We note the following statements:*

- *the disclosure on page 3 that you have little confidence that the board has the objectivity and commitment to take the steps necessary to enhance stockholder value; and*
- *the disclosures on page 6 that the board "has not taken sufficient action to improve operations or hold management accountable" and that the board "has not insisted on or provided for increased accountability."*

We acknowledge the Staff's comments and have revised the Proxy Statement accordingly. See pages 5 and 6 of the Proxy Statement.

In the future, please clearly characterize similar disclosure as beliefs or opinions and, as necessary, disclose the bases for your opinions and beliefs.

We acknowledge the Staff's comment and confirm that in the future we will clearly characterize similar disclosure as beliefs or opinions and, as necessary, to disclose the bases for such opinions and beliefs.

5. *We note your statement on page 6 that the company's "EPS loss of 9 cents . . . was far short of the original guidance of earnings of 5-10 cents." Please clarify whether these metrics are presented on a GAAP or non-GAAP basis.*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. Please see page 6 of the Proxy Statement, specifically the updated table.

We are Concerned with the Company's Poor Performance, page 5

6. *Please tell us how you calculated EBITDA, EBIT and EBITDA margins. These figures do not appear to be consistent with the reported figures of the registrant.*

We acknowledge the Staff's comment. On a supplemental basis, we advise the Staff that EBIT is calculated as Operating Income plus restructuring charges, less gains on sales, per the Company's 10-K filings. The original calculation used the original filings from each year. The Company has since restated some periods, and therefore the revised Proxy Statement reflects updates to match the historical periods as restated in the Company's most recent 10-K. EBITDA is calculated at EBIT plus depreciation from the Company's statement of cash flows, plus Amortization of Intangibles as disclosed in the notes to the 10-K. Note that the Amortization figures on the Statement of Cash Flows are higher than the Amortization of Intangibles, since that also includes amortization of financing fees, which is actually reported in interest expense and therefore should not be added back to operating income to calculate EBITDA. The prior version also excluded Amortization of Software Assets from Amortization of Intangibles, consistent with S&P CapitalIQ's methodology for calculating EBITDA, because "amortization that is inherently related to a company's core operations and requires steady cash reinvestment into short-lived assets is not to be added back." We have decided to include such Amortization in the revised Proxy Statement in order to make it easier for readers to quickly reconcile the EBITDA with the Company's reported statements, and since the general trend in EBITDA is substantially similar under either methodology.

Proposal No. 1: Election of Directors

The Nominees, page 11

7. *Please briefly describe the potential effects of a change of control in the event it is determined that the election of your nominees would result in a change of control.*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. See page 11 of the Proxy Statement.

Form of Proxy

8. *Please revise to include the proposal to ratify the 2012 long-term incentive plan and the proposal to ratify an amendment to the employee stock purchase plan, or inform stockholders that they will not be able to vote on these proposals if they grant you proxy authority.*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. See pages 15 and 16 of the Proxy Statement and the Proxy Card.

9. *Please state the order of priority of nominees to which you will allocate votes, if known. If not known at this time, describe how this determination will be made. Please also provide a means for stockholders to affirmatively withhold authority to cumulate votes with respect to one or more nominees.*

We acknowledge the Staff's comment and have revised the Proxy Statement accordingly. See the Proxy Card.

* * * * *

In connection with responding to the Staff's comments, a certificate signed by each of the participants containing the three acknowledgments requested by the Staff is attached hereto.

The Staff is invited to contact the undersigned with any comments or questions it may have. We would appreciate your prompt advice as to whether the Staff has any further comments. Thank you for your assistance.

Sincerely,
