QUANTUM CORPORATION

PROXY STATEMENT
INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed Proxy is solicited on behalf of Quantum Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held July 28, 1994 at 3:00 p.m., or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's headquarters located at 500 McCarthy Boulevard, Milpitas, California 95035. The Company's telephone number is (408) 894-4000.

These proxy solicitation materials were mailed on or about June 16, 1994 to all stockholders entitled to vote at the meeting.

RECORD DATE; OUTSTANDING SHARES

Stockholders of record at the close of business on June 1, 1994 (the "Record Date") are entitled to notice of and to vote at the meeting. At the Record Date, 44,752,001 shares of the Company's Common Stock, \$0.01 par value, were issued and outstanding. The closing price of the Company's Common Stock on the Record Date, as reported by NASDAQ was 16-5/8 per share.

REVOCABILITY OF PROXIES

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

VOTING AND SOLICITATION

On all matters other than the election of directors, each share has one vote. See ELECTION OF DIRECTORS--Required Vote.

The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Corporate Investors Communications, Inc. (the "Solicitor") to aid in the solicitation of proxies. The Company estimates that it will pay the Solicitor a fee not to exceed \$6,500 for its services and will reimburse the Solicitor for certain out-of-pocket expenses. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone, telegram, telefax or otherwise.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's 1995 Annual Meeting must be received by the Company no later than February 16, 1995 in order that they may be included in the proxy statement and form of proxy relating to that meeting.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR", "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

In a 1988 Delaware case, Berlin v. Emerald Partners, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to a particular proposal on which the broker has expressly not voted. Accordingly, the Company intends to treat broker non-votes in this matter. Thus, a broker non-vote will not affect the outcome of the voting on a proposal.

PROPOSAL ONE
ELECTION OF DIRECTORS

NOMINEES

A Board of six directors is to be elected at the meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them for management's six nominees named below. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner in accordance with cumulative voting as will ensure the election of as many of the nominees listed below as possible. In such event, the specific nominees for whom such votes will be cumulated will be determined by the proxy holders. The term of office of each person elected as a director will continue until the next Annual Meeting of Stockholders or until his successor has been elected and qualified.

The Board of Directors does not have a Nominating Committee nor any committee performing such function.

DIRECTOR COMPENSATION

During the year ended March 31, 1994 each director who was not an employee ("Outside Director") received an annual retainer of \$27,000 per year. Certain directors were paid an additional \$4,000 per

4

year for chairing a committee of the Board. In addition, each Outside Director was paid \$1,000 per day for any Board meeting attended. Members of Board committees receive \$750 per meeting for meetings held on days when there was no regularly scheduled Board meeting. Outside Directors may also receive consulting fees for projects completed at the request of management. Employee directors are not compensated for their service on the Board of Directors or on committees of the Board.

Options may be granted to Outside Directors under the 1986 Stock Option Plan only in accordance with an automatic, non-discretionary grant mechanism. The 1986 Stock Option Plan provides that since May 1, 1991 (the "Effective Date"), each of the Company's Outside Directors who were directors on the Effective Date shall automatically be granted options to purchase 7,500 shares of Common Stock on the date of each Annual Meeting of Stockholders, which options commence vesting on April 1 of the year which is three years from the year of the grant of such option and vest in installments cumulatively with respect to one-twelfth (1/12) of the shares subject thereto per month on the first day of each month thereafter. Each Outside Director appointed or elected after the Effective Date ("Future Outside Director") shall receive a one-time option grant of 30,000 shares on the date of his or her appointment or election (the "Initial Option"), 7,500 shares of which shall vest on the first day of the month which is one (1) year from the month in which the Initial Option was granted, and the balance of which shall vest ratably on a monthly basis on the first day of each month over the next succeeding 36-month period. Additionally, each Future Outside Director shall be granted an option (the "Subsequent Option") to purchase 7,500 shares on the date of each Annual Meeting of Stockholders which is held at least six (6) months from the date of su Outside Director's appointment or election, which Subsequent Option shall vest ratably on a monthly basis over a 12-month period commencing on the month immediately following the month in which the preceding options, whether the Initial Option or a Subsequent Option, becomes fully vested. All options granted to Outside Directors contain the following provisions: the term of the option is ten (10) years; the option can be exercised only while the Outside Director remains a director or within ninety (90) days after ceasing to be a director; and the exercise price per share of Common Stock is 100% of the fair market value on the date the option is granted. The provisions governing options granted to Outside Directors may not be amended more than once every six (6) months.

During fiscal 1994, two of the Company's Outside Directors, Mr. Esber and Mr. Wheelwright received an option to purchase 7,500 shares of Common Stock at an exercise price of \$12.25 per share and Mr. Casale received an initial option of 30,000 shares of Common Stock at an exercise price of \$12.125 per share.

REQUIRED VOTE

The six nominees for director receiving the highest numer of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no other legal effect under Delaware law. Every stockholder voting for the election of directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the stockholder's shares are entitled, or may distribute the stockholder's votes on the same principle among as many candidates as the stockholder thinks fit, provided that votes cannot be cast for more than six candidates. No stockholder shall be entitled to cumulate votes, however, unless the candidates have been properly placed in nomination according to the Company's Bylaws and notice of the intention to cumulate votes is given to the Company and other stockholders at least twenty (20) and no more than sixty (60) days prior to the Annual Meeting. The Company will exercise discretionary authority to cumulate votes in the event that additional persons are nominated at the Annual Meeting for election of directors.

MANAGEMENT RECOMMENDS A VOTE FOR THE NOMINEES LISTED ABOVE.

PROPOSAL TWO AMENDMENT TO THE EMPLOYEE STOCK PURCHASE PLAN

In May 1994, the Board of Directors approved an amendment to the Purchase Plan to increase the number of shares reserved for issuance thereunder from 4,300,000 to 6,300,000 shares of Common Stock.

Certain features of the Purchase Plan, as amended, are outlined below.

GENERAL

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Code.

PURPOSE

The purpose of the Purchase plan is to provide employees of the Company and its majority-owned subsidiaries which have been designated by the Board with an opportunity to purchase Common Stock of the Company through accumulated payroll deductions.

ADMINISTRATION

The Purchase Plan is to be administered by the Board or a committee appointed by the Board. At the present time, no committee has been appointed by the Board. The administration, interpretation or application of the Plan by the Board or its committee shall be final, conclusive and binding upon all participants. Members of the Board who are eligible employees are permitted to participate in the Purchase Plan provided that members of the Board who are eligible to participate in the Purchase Plan may not vote on any matter affecting the administration of the Plan or grant any option pursuant to the Purchase Plan or, if a committee is established to administer the Purchase Plan, no member of the Board who is eligible to participate in the Purchase Plan may be a member of the committee.

ELIGIBILITY AND PARTICIPATION

Any person who is regularly employed at least 20 hours per week by the Company (or by any of its designated subsidiaries) on the first day of each offering period is eligible to participate in the Purchase Plan. Eligible employees become participants in the Purchase Plan by completing a subscription agreement authorizing a payroll deduction on the form provided by the Company and filing it with the Company's payroll office prior to the applicable Enrollment Date, unless a later time for filing the subscription agreement is set by the Board for all eligible Employees with respect to a given Offering Period. As of the Record Date, there were 2,352 employees eligible to participate in the Purchase Plan, of whom 1,507 were participating.

OFFERING DATES

Generally, the Purchase Plan is implemented by means of a two-year offering period, starting every six months, with six-month exercise periods within each offering period. The Board of Directors has the power to change the duration of the offering periods and exercise periods with respect to future offerings without stockholder approval, if such change is announced at least fifteen (15) days prior to the scheduled beginning of the first offering period to be affected.

PURCHASE PRICE

The option price per share of the shares offered in a given offering period shall be the lower of (i) 85% of the fair market value of a share of the Common Stock of the Company at the commencement of the offering period or (ii) 85% of the fair market value of a share of Common Stock of the Company on the last day of the applicable six-month exercise period within the offering period.

6

PAYMENT OF PURCHASE PRICE; PAYROLL DEDUCTIONS

The purchase price of shares is accumulated by payroll deductions over the offering period. The deductions may not exceed 10% of a participant's compensation. A participant may discontinue participation in the Purchase Plan, or may change the rate of payroll deductions by giving written notice to the Company authorizing the change. The change becomes effective (i) in the case of a decrease in rate, with the first payroll following notification, and (ii) in the case of an increase in rate, at the beginning of the next six-month exercise period within the two-year offering period following notification. Payroll deductions shall commence on the first payroll date following the offering date and shall end on the last payroll date to which such authorization is applicable, unless sooner terminated as provided in the Purchase Plan.

All payroll deductions made for a participant shall be credited to his/her account under the Purchase Plan. A participant may not make any additional payments into such account.

PURCHASE OF STOCK; EXERCISE OF OPTION

By executing a subscription agreement to participate in the Purchase Plan, the employee is entitled to have shares placed under option to him/her. The maximum number of shares placed under the option to a participant in any exercise period is the number determined by dividing the total amount of his compensation which is to be withheld for the exercise period by 85% of the fair market value of the Common Stock at the beginning of the offering period or end of the exercise period, whichever is less. See "Payment of Purchase Price;

Payroll Deductions" for limitations on payroll deductions. Unless the employee's participation is discontinued, his/her option for the purchase of shares will be exercised automatically at the end of each exercise period at the applicable price. See "Withdrawal."

Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code, no employee shall be granted an option under the Purchase Plan if, immediately after the grant of the option, the employee would own shares and/or hold outstanding options to purchase stock possessing 5% or more of the total combined voting power or value of all classes of shares of the Company or of any designated subsidiary of the Company, nor shall any employee be granted an option which would permit him or her to buy more than \$25,000 worth of stock (determined at the fair market value of the shares at the time the option is granted) under the Purchase Plan in any calendar year.

WITHDRAWAL

A participant's interest in a given offering may be terminated in whole, but not in part by signing and delivering to the Company a notice of withdrawal from the Purchase Plan. Such withdrawal may be elected at any time prior to the end of the applicable offering period. A participant's withdrawal from an offering does not have any effect upon such participant's eligibility to participate in subsequent offerings under the Purchase Plan.

Termination of a participant's employment for any reason, including retirement or death, cancels the participant's participation in the Purchase Plan immediately. In such event, the payroll deductions credited to the participant's account will be returned to such participant or to his or her beneficiaries.

AMENDMENT AND TERMINATION OF THE PLAN

The Board of Directors of the Company may at any time amend or terminate the Purchase Plan. No such termination can affect options previously granted, nor may an amendment make any changes in an option theretofore granted which adversely affects the rights of any participant. No amendment may be made to the Purchase Plan without approval of the stockholders of the Company if such amendment would increase the number of shares that may be issued under the Purchase Plan, permit payroll deductions at a rate in excess of 10% of a participant's compensation, materially modify the requirements as to eligibility for participation in the Purchase Plan, or materially increase the benefits which may accrue to participants under the Purchase Plan.

AUTOMATIC TRANSFER TO LOW PRICE OFFERING PERIOD

In the event that the fair market value of the Company's Common Stock on the first day of an offering period exceeds the fair market value of the Company's Common Stock on the first day of any

subsequent offering period commencing immediately following an exercise date within the offering period in progress, then each participant in the offering period in progress is deemed to have withdrawn from such offering period immediately following the exercise of his or her option on such exercise date and to have enrolled in such subsequent offering period as of the first day thereof.

TAX INFORMATION

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the offering period and one year from the date the shares are purchased, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. The Company is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

The foregoing is only a summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan. Reference should be made to the applicable provisions of the Code. In addition, the summary does not discuss the tax consequences in the event of a participant's death or the income tax laws of any state or foreign

country in which the participant may reside.

8

PARTICIPATION IN THE EMPLOYEE STOCK PURCHASE PLAN

Participation in the Employee Stock Purchase Plan (the "Purchase Plan") is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the Purchase Plan are not determinable. Non-employee directors are not eligible to participate in the Purchase Plan. No purchases have been made under the Purchase Plan since its amendment by the Board. However, purchases were made under the Purchase Plan prior to such amendment. The following table sets forth certain information regarding shares purchased under the Purchase Plan during the last fiscal year for each of the named officers, for all current executive officers as a group and for all other employees who participated in the purchase plan as a group:

PROPOSAL THREE

APPROVAL OF THE ANNUAL INCENTIVE
PLAN FOR THE COMPANY'S CHIEF EXECUTIVE OFFICER

The Compensation Committee (the "Committee") of the Board of Directors has adopted, subject to stockholder approval, an Annual Incentive Plan (the "Plan") for the Chief Executive Officer ("CEO") of the Company. The payment of the compensation (the "Bonus") will depend on the Company's market share and return on total capital (the "Targets") for the fiscal year ending March 31, 1995 achieving levels established by the Committee. The Plan has the same structure as the incentive plan for other executives except the Board has no discretion to increase payments in the Plan. Stockholder approval of the Bonus is necessitated by the recent enactment of Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides a \$1,000,000 cap on deductions by any publicly-held corporation for certain compensation paid to the CEO effective for taxable years beginning on or after January 1, 1994.

The CEO is the only person eligible to participate in the Plan. The Bonus is

designed to reward the CEO to the extent the Company achieves certain targets. If the Company's Targets are above certain specified levels, the CEO will be eligible to receive a bonus in a predetermined amount ranging from \$118,125 to a maximum of \$1,119,938. If the Company's minimum targets are not met, no Bonus will be paid to the CEO.

The following table summarizes the maximum Bonus that will be payable to the CEO assuming the highest Target levels are met.

NEW PLAN BENEFITS

NAME AND POSITION -----	DOLLAR VALUE (\$) -----
William J. Miller Chairman of the Board and Chief Executive Officer	\$1,119,938

The Bonus is to be paid in cash upon approval by the Committee. The Committee will be responsible for certifying the results achieved to determine the amount of the Bonus.

REQUIRED VOTE

The affirmative vote of a majority of the votes cast will be required to approve the adoption of the Annual Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE ANNUAL INCENTIVE PLAN.

10 PROPOSAL FOUR

INDEPENDENT AUDITORS

In May 1994, the Board of Directors of the Company adopted a resolution whereby Ernst & Young was selected as the Company's independent auditors to audit the financial statements of the Company for the fiscal year ending March 31, 1995.

A representative of Ernst & Young is expected to be available at the Annual Meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS THE INDEPENDENT AUDITORS FOR THE 1995 FISCAL YEAR.

OTHER INFORMATION

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Exchange Act requires the Company's executive officers, directors, and persons who own more than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission.

Therefore, the Other Compensation column has not been included in this table.

STOCK OPTION GRANTS AND EXERCISES

The following tables set forth the stock options granted to the named executive officers under the Company's stock option plans and the options exercised by such named executive officers during the fiscal year ended March 31, 1994.

13

The Option Grant Table sets forth hypothetical gains for the options at the end of their respective ten (10)-year terms, as calculated in accordance with the rules of the Securities and Exchange Commission. Each gain is based on an arbitrarily assumed annualized rate of compound appreciation of the market price of 5% and 10%, less the exercise price, from the date the option was granted to the end of the option term. Actual gains, if any, on option exercises are dependent on the future performance of the Company's Common Stock.

 (1) Potential realizable value is based on an assumption that the stock price of the Common Stock appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the ten (10)-year option term. Potential realizable value is shown net of exercise price. These numbers are calculated based on the regulations promulgated by the SEC and do not reflect the Company's estimate of future stock price growth. The stock prices utilized for the table showing a 5% and a 10% rate of return were 16 and 25, respectively.

(2) Options were granted on October 11, 1993 at fair market value, fully vesting within four (4) years from the grant date.

EMPLOYMENT TERMS,
TERMINATION OF EMPLOYMENT AND
CHANGE-IN-CONTROL ARRANGEMENTS

The Board of Directors has authorized and approved agreements (the "Agreements") with certain officers, including the officers named in the Summary Compensation Table who are with the Company, whereby in the event there is a "change of control" of the Company, which is defined in the Agreements to include, among other things, a merger or sale of assets of the Company or a reconstitution of the Company's Board of Directors, the exercisability and vesting of all stock-based compensation awards granted to the officers shall be accelerated. Under the Agreements, upon a change of control, 50% of the unvested shares or options to purchase shares held by an officer become exercisable and the remaining 50% of such unvested shares or options to purchase shares become vested and exercisable upon the earlier of the date of the first anniversary of the change of control or upon such officer's "Involuntary Termination" after the change of control. Under the Agreements, "Involuntary Termination" is defined to include, among other things, any termination without "cause" by the Company of the employee without such employee's express written consent or a significant reduction of or addition to the employee's duties. Additionally, such officers receive twelve (12) months severance pay and continued health and medical benefits during the severance period. The purpose of the Agreements is to assure that the Company will have the continued dedication of its officers by providing such individuals with certain compensation arrangements, competitive with those of other corporations, to provide sufficient incentive to the individuals to remain with the Company, to enhance their financial security, as well as protect them against unwarranted termination in the event of a change of control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Robert J. Casale, an Outside Director, joined the Compensation Committee in fiscal 1994 replacing David A. Brown, who was, until February 1992, President and Chief Operating Officer of Quantum.

COMPENSATION COMMITTEE REPORT

INTRODUCTION

The Compensation Committee of the Board of Directors (the "Committee") is made up of Outside Directors of the Company. The Committee generally determines base salary levels and determines targets under the Annual Incentive Plan for executive officers of the Company at the start of the fiscal year. Each year the Committee evaluates the Company's compensation practices and equity programs based on comparisons with other companies in the industry, and compares the Company's performance to a group of peer companies in making determinations with respect to compensation plans.

COMPENSATION PHILOSOPHY

The Company's executive compensation policies are designed to attract and retain experienced and qualified executive officers critical to the success of the Company, and to provide incentive for such individuals to maximize the Company's corporate performance and strategic objectives. The target levels of the executive officers' total compensation package are intended to be competitive with executives in the Company's industry, taking into account corporate performance and individual achievement. The Committee has taken action, where necessary, to preserve the Company's tax deductions for the compensation paid to its employees. The Committee has taken this action to comply with Section 162(m) of the Internal Revenue Code.

COMPENSATION PLANS

The components of executive compensation are described below:

Base Compensation. Base salaries for executive officers are set by the Committee, in consultation with the Chief Executive Officer, after considering factors such as the competitive environment, experience levels, position and responsibility, corporate performance and overall contribution levels of the individuals. The Company obtains competitive salary information from independent survey sources of companies in competition for similar management talent, which includes both direct competitors of the Company and other companies in the high technology industry which have similar size and performance profiles. Most of the companies included in these surveys are also included in the Hambrecht & Quist Technology Index (see PERFORMANCE GRAPH). This survey data is then analyzed by independent consultants and the Company to provide the necessary information to the Committee.

Annual Incentive Plan. The Annual Incentive Plan provides for cash bonuses to be paid to executive officers of the Company subject to the Company meeting certain performance targets set by the Compensation Committee at the beginning of the fiscal year. The purposes of the Annual Incentive Plan are to (i) tie compensation to achievement of performance measures that provide an optimum return on total capital and increase in market share in the current fiscal year (ii) drive long-term stockholder value creation and (iii) ensure that payments are targeted to provide a competitive level of compensation, taking into account the Company's performance against its peers in the disk drive and related industries. In fiscal 1994, the Company exceeded its target for market share growth, but did not meet the return on total capital target required for a payment to be made under the Annual Incentive Plan.

Long-Term Incentive Compensation. The Company's 1986 Stock Option Plan and 1993 Long-Term Incentive Plan provide for long-term incentive compensation for employees of the Company, including executive officers. Another component of the total compensation package for the Company's executive officers is in the form of stock option awards. An important objective of the 1986 Stock Option Plan and 1993 Long-Term Incentive Plan is to align the interest of executive officers with those of stockholders by providing an equity interest in the Company, thereby providing incentive for such executive officers to maximize stockholder value. Option awards directly tie executive compensation to the financial performance of the Company. The Committee is responsible for determining, subject to the terms of such Plan, the individuals to whom grants should be made, the timing of grants, the exercise or purchase price per share and the number of shares subject to each grant. Grants are

16

determined based on the individual's position in the Company, comparative market data, and the number of unvested shares already held by each officer. The option program also utilizes vesting periods to encourage retention of executive officers and reward long-term commitment to the Company.

COMPANY PERFORMANCE AND CHIEF EXECUTIVE OFFICER COMPENSATION

The process of determining the compensation for the Company's Chief Executive Officer and the factors taken into consideration in such determination are generally the same as the process and factors used in determining the compensation of all of the Company's executive officers. In fiscal 1994, the Chief Executive Officer did achieve a majority of his individual objectives, including maintaining the Company's position as the largest independent supplier of 3-1/2-inch disk drives. The Company exceeded its targets for market share growth, but did not meet the return on total capital target required for a payment to be made under the Annual Incentive Plan.
